

Provincial Grand Lodge of Mark Master Masons of Worcestershire

Provincial Grand Master R W Bro Eric John Rymer

Brethren All,

Once again, a year has flown past and Christmas is nearly upon us. I wish you and your family a very merry festive season and a happy New Year.

2020 and 2021 have been difficult years for us all. I hope that what limited masonry you have practiced has been enjoyable. Above all, I hope you have felt the fraternity of our Order helpful and supportive throughout those difficult times. As we come to terms with Covid, I hope we can all return to a full participation in our favourite hobby as soon as possible.

It is important at this time of year especially to remember those who are less fortunate than ourselves. I would like to thank you all for the charitable giving you have done throughout the year, both in terms of money and time. Charity is at the heart of Freemasonry and the Mark Masters of Worcestershire have big hearts. Local and National Charities have benefitted greatly from your generosity.

Once again, I wish you a very Merry Christmas and let's all look forward to a terrific 2022.

With fraternal regards to you and yours,
